Dear Ms. Roney:

I am submitting this disclosure pursuant to M.G.L. c. 268A, § 23(b)(3) and 930 C.M.R. § 5.08 on behalf of Governor Patrick, who travelled on a trade mission to Brazil and Chile between December 1 and December 10, 2011 and received free or discounted travel, lodging and meal expenses that serve a legitimate public purpose and have a value of \$50 or more.

If you have any questions regarding this disclosure, please do not hesitate to contact me.

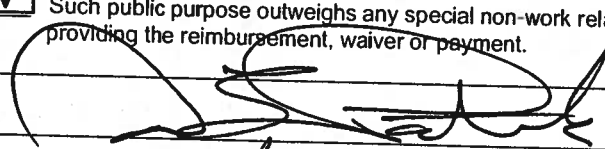

Sincerely,

Mark A. Reilly

Sources of Funding

A stand-alone trade mission trust account was created at the Massachusetts Marketing Partnership (MMP), which is the state agency charged with executing trade mission activities. The Executive Office of Housing and Economic Development (HED) deposits all sources of funding to support domestic and international trade mission activities into this account for efficiency and transparency. All expenses for trade mission activities are charged back to this account and all sources of funding for trade mission activities are deposited into this account. To date, there are two sources of funds to support trade mission activities:

1. Five state quasi-public agencies have each contributed \$50,000 to support trade mission activities for a total of \$250,000. These same funds were used both for this trip and for the Governor's trade mission to the United Kingdom and Israel in May of 2011. The agencies are:
 - Massachusetts Development Finance Agency;
 - Massachusetts Convention Center Authority;
 - Massachusetts Technology Collaborative;
 - Massachusetts Life Sciences Center; and
 - Massachusetts Clean Energy Center.
2. Moving Massachusetts Forward, Inc. (MMF), the non-profit established to raise funds to support trade missions, has also contributed \$125,000 to current trade mission activities.

The travel expenses for the trade mission for Governor Patrick and the other members of the delegation from Massachusetts (i.e., the appointed state employees) were discounted by private donors who contributed to the MMF. The individual private donors to MMF are listed below. No individual member of the state delegation received direct or individual discounted travel from an individual sponsor. All funds have been aggregated so that no individual donor contributed directly to any individual member's travel expenses.

Events During the Trade Mission

Please see the attached Excel spreadsheets, which show the events that took place during the trade mission, as well as the private sponsors, where applicable. Please note that Governor Patrick, in addition to receiving travel expenses discounted from donations made to the MMF, also received the benefit of meals that were part of events sponsored by private organizations during the trade mission. In each case, Governor Patrick attended the events as part of his work duties.

Purpose of the Trade Mission

The Administration's goal is to solidify Massachusetts' place as a worldwide leader in the innovation industries and continue to compete globally for the jobs, investment and businesses of the future. This trade mission to Brazil and Chile was an opportunity to help achieve that goal and to expand economic development in Massachusetts by growing markets for Massachusetts-based companies abroad and by attracting international companies to Massachusetts.
