Re: Disclosure of Financial Interest

After reviewing the attached Disclosure of Financial Interest, I have determined the following on your behalf. Given your intention to donate any profits and proceeds from the sale of your published textbook, when purchased by Quinsigamond Community College students for use in QCC classes, to a worthy charitable fund, I find your financial interests are not so substantial as to affect the integrity of your services to our students. Accordingly, I do not believe the use of your textbook in your classes is a violation of Section 6 of MGL Chapter 268A.

Thank you for your attention to this matter.
