Dear Ethics Committee,

Please accept this letter as a formal disclosure of travel engagements for which I will need to disclose travel expenses covered by non-public entities. For each of these conferences, the content directly relates to my position as Chair of the Joint Committee on Health Care Financing. I serve on the NCSL Telehealth Committee, and am able to gain knowledge in my subject area that benefits my work here in the legislature. For the Council on State Governments Medicaid Policy Academy, I hope to gain insight regarding the debates surrounding Medicaid at a national level. For NALEO (National Association of Latino Elected Officials), I will be moderating a panel entitled "Understanding the Aging Latino Population and Long Term Care Needs." I look forward to these three travel engagements, and I hope they will allow me to expand my understanding of the healthcare landscape at a national level in order to benefit my work here in the Commonwealth of Massachusetts.
