ACTIVITY THAT SERVES A LEGITIMATE PUBLIC PURPOSE	
Describe the activity which is the reason for traveling.	The National Association of Attorneys General is sending a delegation of state Attorneys General from across the United States to Israel. The delegation will meet with government, justice, law enforcement, and municipal leadership to gain insights into key social, technology, economic, justice, and cybersecurity issues. Activities are expected to include meetings with political leaders; journalists; jurists; the State Attorney or Attorney General of the State of Israel; legislative committee chairs; and leaders in the technology, security, and defense sectors.
Describe your participation in the activity.	As a member of the delegation, I will participate in meetings with leaders and arranged speakers; participate on guided visits and presentations with my Attorneys General colleagues; and learn from political leaders, journalists, jurists, the State Attorney or Attorney General of the State of Israel, legislative committee chairs and leaders in the technology and defense sectors.
Date, time and location of activity.	May 25-June 1, 2016.
Please explain how the activity will promote the interests of the Commonwealth, a county or a municipality.	The activity promotes the interest of the Commonwealth by: (1) helping to enhance understandings of the political realities of governing a democracy in the Middle East and to learn more about Israel's culture, diversity, history, competencies, and challenges; (2) providing insight into how diverse stakeholders within a small geographic area manage and resolve competing interests and how the governments can work hand in glove with religious, cultural, and business leaders to serve their constituents; (3) enhancing ability to build relationships with key business sectors in which MA has a strong interest and in which Israeli companies have a strong presence in MA (e.g., cybersecurity, defense, technology, water, pharmaceutical, life sciences). Because Massachusetts is a top destination for Israeli entrepreneurs and innovators

	looking to build global businesses - - over 200 Israeli-founded businesses generate billions of dollars of revenue annually in Massachusetts, employ thousands, and attract millions in venture capital - - it is important for state leaders to build and sustain our commercial, academic, legal, and investment-related relationships.
