**CERTIFICATION BY HEAD OF AGENCY
OF A LEGITIMATE PUBLIC PURPOSE
AND SOLE SOURCE JUSTIFICATION**

Name of head of public agency:	Frank DePaola
Title/ Position	General Manager
Office address	Massachusetts Bay Transportation Authority State Transportation Building 10 Park Plaza Boston, MA 02116
Office phone:	
Office e-mail:	
Name of special public employee who filed the disclosure	John J. Wright Weston & Sampson Engineers, Inc.
	I have reviewed the facts stated by the special public employee above. By signing below, I certify that the public will obtain an identifiable advantage from my public agency's use of the services of the special public employee under the additional contract and, therefore, that a legitimate public purpose will be served by permitting the additional contract.
Describe the basis for your determination that there was only one practicable source for the services. Include a description of the investigation you conducted prior to making this determination.	The MBTA is undertaking an expedited value engineering and redesign effort for the Green Line Extension Project to determine whether the cost of project can be reduced while maintaining its core functionality to allow the project to proceed. This accelerated effort requires the professional services of an interim project manager experienced in transit, engineering and large, complex public construction projects. Given the highly specialized services required and the short term nature of the assignment, a limited pool of candidates is available. The MBTA identified and interviewed several candidates. Mr. Wright possesses the unique and specialized skills and experience required by the MBTA and is the most qualified for this role.
Signature of head of public agency:	
Date:	3/9/2016

If needed, file this signed certification with the disclosure.
