	<p>In my capacity as a state, county or municipal employee, I am expected to take certain actions in the performance of my official duties. Under the circumstances, a reasonable person could conclude that a person or organization could unduly enjoy my favor or improperly influence me when I perform my official duties, or that I am likely to act or fail to act as a result of kinship, rank, position or undue influence of a party or person.</p> <p>I am filing this disclosure to disclose the facts about this relationship or affiliation and to dispel the appearance of a conflict of interest.</p>
	APPEARANCE OF FAVORITISM OR INFLUENCE
Describe the issue that is coming before you for action or decision.	As a member of the Massachusetts House of Representatives, I expect to be involved in discussion and voting on proposed legislation, community matters and constituent services that may affect the individuals and entities listed on the attached document who have donated to the Madaro Family Community Fund.
What responsibility do you have for taking action or making a decision?	As a state legislator, I discuss proposed legislation, community matters and constituent services with other members of the House of Representatives and with others, and I may vote on such legislation, render an opinion on such community matters or provide such constituent services.
Explain your relationship or affiliation to the person or organization.	The Madaro Family Community Fund exists to raise money to host charitable community events. These events include the East Boston Thanksgiving Day Community Dinner and Eastie's Elves. In 2016 and 2017, the Fund hosted a coat drive for the Italian Home for Children. These events provide warm meals, toys, and clothing for children and families in need. The individuals and entities listed on the attached document are donors to the Fund who may have an interest in legislation before the House of Representatives, community matters impacting my district or the provision of constituent services.
How do your official actions or decision matter to the person or organization?	The adoption or non-adoption of legislation considered by the House of Representatives, my involvement in community matters impacting my district or the provision of constituent services could affect the individuals or entities I have listed.

Optional: Additional facts – e.g., why there is a low risk of undue favoritism or improper influence.	I do not make decisions about potential legislation, my involvement in community matters or the provision of constituent services based on whether particular individuals or entities have, or have not, contributed to the Fund.
If you cannot confirm this statement, you should recuse yourself.	WRITE AN X TO CONFIRM THE STATEMENT BELOW. _X_ Taking into account the facts that I have disclosed above, I feel that I can perform my official duties objectively and fairly.
